SP1501

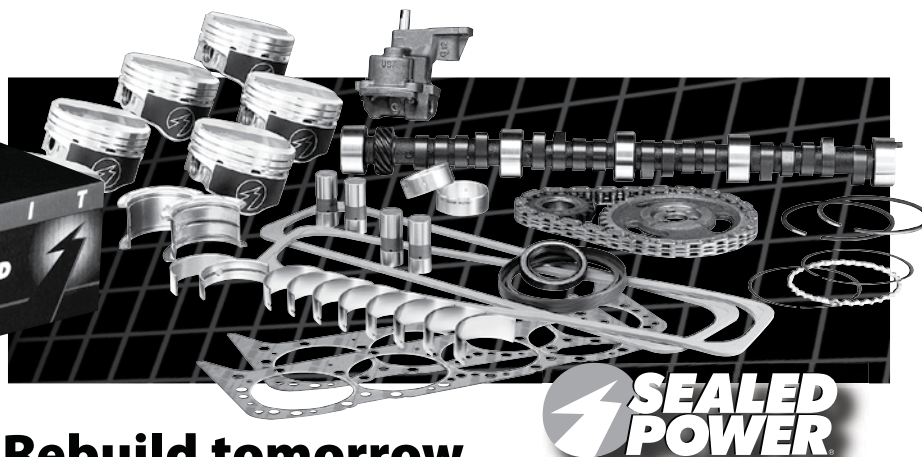

Engine Parts & Kits

Volume 1, 1990 & Earlier

Companion Volume to SP1502, Volume 2, 1991 to Present

**Sealed Power®
Engine Kits
available overnight
for just one,
low flat shipping
rate per kit. ***

Order today. Rebuild tomorrow.

With over 1 million engine kit combinations available, Sealed Power has your rebuild needs covered – and in record time!

The Engine Express program can deliver a Sealed Power passenger car or light truck engine kit anywhere in the continental U.S. overnight.* – It's a real lifesaver when those last-minute calls come in. And overnight shipping is one flat rate per kit! Free shipping applies to engine kit ground shipments. (And for performance engine rebuilds, we also offer Speed-Pro® engine kits – the best value in performance parts!)

Instructions

- Locate the correct kit part number in the Sealed Power Vol I or Vol II Catalogs. Be sure to ask your customer about any desired over and under sizes when taking the engine kit details.
- Call your Sealed Power Engine Express Kit Supplier.
- Need help? Federal-Mogul Engine Express Customer Service Specialists can guide you through the final size selection for the main bearing set, connecting rod bearing pair/set, pistons and rings.
- Substitutions? Let our customer service specialist know your specific customer needs and they will help guide you through the available options/substitutions. For example, does your customer require a high volume oil pump? Forged vs. cast pistons? We can help!
- Place your Engine Express order as late as 8:00 p.m. Eastern and receive the engine kit the next day. Phone orders only.
- Engine Express kits will be received at the place of business by 5:00 p.m. the following day.

See Sealed Power SP1502 Vol 2, catalog,
companion to SP1501 for complete product detail
and warranty information.

HOW TO USE THIS CATALOG

This catalog is designed to allow expedient
identification of correct parts.

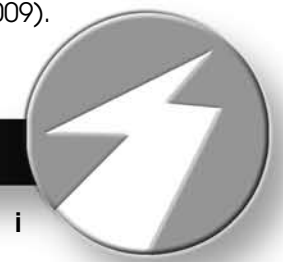

The catalog is sorted as follows:

- 1ST by VEHICLE MANUFACTURER. All GM products are listed under GM.
- 2ND by ENGINE DISPLACEMENT.
- 3RD by BORE DIAMETER. Engines with the same displacement are sorted by bore diameter.
- 4TH by VALVETRAIN CONFIGURATION. DOHC engines will be listed before SOHC engines.
- 5TH by INDUCTION SYSTEM. Normally aspirated engines will be listed before Turbos.

The pages within the applications are easy to read, yet contain all the information required to select the correct part. A listing will contain three distinct sections - Valvetrain, Block and Kits.

VALVETRAIN	BLOCK	KITS
Timing	Pistons	Re-ring Kits
Camshafts	Rings	Master Kits
Lifters	Sleeves	Block Kits
Cam Kits	Engine Bearings	
Push Rods	Oil Pumps	
Rocker Parts	Gaskets	
Valves	Freeze Plugs	
Valve Guides		
Valve Springs		
Valve Seals		
Valve Seats		
Valve, Misc.		

This edition of the Sealed Power Engine Parts Catalog includes performance upgrade parts. We have listed some entry level, "one or two step over stock", performance timing sets, camshafts and push rods in the more popular engine listings. These frequently requested products represent only a small sampling of the Speed-Pro complete performance line. For complete performance coverage, see the Speed-Pro Performance Catalog (No. X-3009).

ENGINE KITS

Sealed Power offers seven different types of Engine Kits and six different types of Camshaft Kits. The catalog references the kit type in the Description with the corresponding kit number, including the kit type prefix.

In addition to the kit types, Sealed Power Engine Kits allow one component substitution and one deletion to fit the specific engine rebuild need.
